

Gnome Painting With Jen

At 1 pm, Jen will come to the hotel with gnomes for us to paint. There are two styles of gnomes. One is sitting (\$32) and the other has three gnomes stacked on top of each other (\$37). You pre-pick whichever one you want and mark it on the registration form. There are no set colors or designs you have to paint. Paint them however you want. Match your Skyliner, match your house, or use your favorite colors. It's your gnome, paint it however you want him to look. Gnomes make great gifts. Paint a gnome for yourself or as a gift for someone special.

Gnomes are said to take care of gardens and enhance harvests. It is also believed that when you touch a gnome, they give you good luck. There you go, you get a great garden, enhanced harvests, and good luck. Not to mention, the fun you will have painting them. How can you go wrong with that? So sign up for the class and paint a gnome.

There is a minimum of 12 painters for her to come out.
